Dear Parents,

Parental involvement is crucial for the development of children and the overall success of a school. Studies and reports from organizations such as Association for Supervision and Curriculum Development (ASCD), National Education Association (NEA), National Parent Teacher Association (PTA), and Public Broadcasting Service (PBS) extol the virtues of parental involvement.

As a district, we embrace parental involvement and the important contributions our parents and volunteers make on a consistent basis. We will continue to welcome community volunteers in our schools. Each of our valued volunteers brings a special skill set and talent to our school community. Every year, we review our policies and practices in an effort to ensure we are utilizing our volunteers in a way which is beneficial for both volunteers and the school. We will continue to provide a platform for volunteers and staff to coordinate the scope of volunteering activities.

Parents who wish to attend class parties and special events (like our Fall Festival on October 31st) may continue to do so. Nothing has changed with this procedure. Parents who wish to volunteer more than five times during the school year will need to follow a few simple steps. If you were able to attend a parent volunteer meeting and wish to volunteer more than five times, simply follow the directions listed below. If you have not attended a parent volunteer meeting, and desire to volunteer more than five times, you will need to meet with your child's principal in addition to following the directions below.

Regardless of your level of volunteerism or involvement, we welcome parents as an integral part of our school community and rely on your contributions as we strive to provide the best possible education for our children. Should you have any questions regarding volunteering, please contact your school principal.
