Resource Wrap Up

In closing out the school year, the Mullica Township Student Support Services Personnel has created a Resource Guide which includes our previous newsletters and community resources. This will allow you to easily navigate resources for your child(ren) and families during the summer months. Our hope is that you have enjoyed our newsletters and have found them to be useful. We wish you all a happy, safe, and healthy summer. Our team is looking forward to communicating with you in September.

-The Mullica Township Student Support Services Personnel
