How to Effectively Communicate with School Officials

In an effort to provide parents with a positive school communication experience, we have developed a “Chain of Command” sequence for effective communication regarding your child’s educational program.

Many parental questions and concerns are easily and completely answered by communicating directly with the educator in charge of the class or program. Should your question or concern need additional attention, please proceed to the next level on the chain of command. The easiest way to communicate would be by e-mail (e-mail format: first initial of first name, last name @mullicaschools.com). A phone call would be the next preferable way to communicate.
